- (a) Full-time employees in those departments where the normal work day is seven and one-half (7½) hours, exclusive of lunch time, a person who on a regular basis is scheduled for Thirty-seven and one-half (37½) hours in a work week, provided the employee has successfully completed the probationary period prescribed by the Civil Service, or if longer, this Agreement.

For employees working on a single shift operation, the regular work day shall consist of Seven and one-half (7½) hours beginning at 8:00 a.m., exclusive of One (1) hour lunch period.

Section 2.3 Overtime

Employees will be paid Time and one-half (1½) for all time worked in excess of seven and one-half (7½) hours a day or thirty-seven and one-half (37½) hours in any work week. There shall be no pyramiding of overtime.

Section 2.4 Breaks

Coffee breaks as per current practice.

Section 2.5 Seniority

Job Class seniority is the date the employee obtained a bargaining unit Civil Service position. Unit seniority is the date the employee was first hired into a position contained within the Commissioner's bargaining unit.

Section 2.6 Promotions and Vacancies

Language is only applicable to those departments with Civil Service employees (currently CYS, MH/MR, and Office on Aging) and that the County agrees that if a member of the bargaining unit has standing with Civil Service and their name comes in as part of the Civil Service List, then the County will use seniority for determining who receives the position. In the event that there are job vacancies, such jobs shall be filled by permitting the person in the office that has permanent status, has the greatest employee seniority and meets all Civil Service requirements for that position to bid on such position. The determination of the qualifications or capability, of any employee, shall rest with the County/Civil Service Commission. Determinations made by the

County are not subject to the grievance procedure. Permanent and probationary Civil Service employees have preference over all other employees for purposes of this section.

Section 2.7 Bidding and Bumping

Employees in the Civil Service positions also have unit seniority which means that where unit seniority is applicable to any position within the Commissioner's unit, employees may exercise this right. However, Commissioner's unit employees, unless they have permanent status with Civil Service will not be able to exercise any seniority right as they relate to bidding and bumping.

In the event of any layoff, employees shall be laid off by strict employee seniority within the department, the last senior being laid off first. Employees who are not Civil Service will be laid off first. In the event of consolidation or elimination of jobs, the County shall reassign the affected employees to positions for which they are qualified insofar as positions are available. Employees affected by the consolidation or elimination layoff shall have the right to bump back to positions previously held after which seniority shall prevail in the layoff and the employee shall, at this time, exercise unit seniority rights within the Commissioner's unit.

Section 2.8 Probationary Employees

All new employees shall be considered probationary for a period of Six (6) months and shall be in accordance with the normal Civil Service probationary period unless the probationary period called for elsewhere in this Agreement is longer. This does not include benefits and applied only to permanent status.

Section 2.9 Grievances and Arbitration

Employees have the right to utilize the grievance procedure outlined in the bargaining agreement or they may process their grievance through the Civil Service appeal procedure. If the appeal is filed under Civil Service appeal procedures, then the bargaining agreement grievance procedures are not applicable and may not be utilized.

Section 2.10 Compensation

Employees in Civil Service positions will be paid according to the scale on page 55. Civil Service moves to a new letter grade in the 1st year upon anniversary and every subsequent year. Current practice is that civil Service Employees shall remain on the same level within a job classification until their anniversary date at which time they will increase one letter level. This will occur at the beginning of the next pay period closest to the anniversary date.

ARTICLE VII

SENIORITY

Note: All provisions of Article VII are subject to the constitutional and statutory rights of the Controller and Recorder of Deeds over the employees of their respective offices.

Section 7.1 Seniority Defined

Seniority is defined herein as the date that the employee starts work in any department. This is known as "departmental seniority" and will be utilized for all departmental purposes including bidding, bumping, picking vacation and work schedules within the department.

There is also "unit seniority" which is seniority defined as the date the employee is hired into a bargaining position under the recognition clause of this Agreement.

Seniority and/or continuous service shall be accumulated during absences due to illness, layoff or leave of absence as long as such seniority/continuous service are not terminated in accordance with other provisions of this Agreement. Where gender based needs are required, then seniority will be waived to accomplish this requirement.

Section 7.2 Promotions Vacancies

(A) Bargaining Unit

In the event there are any job vacancies, such jobs shall be filled by permitting the person in the department with the greatest continuous service in such department to advance to such position, provided such employee is qualified and capable of performing the duties of the position. The determination of the qualifications or capability of any employee shall in the first instance rest with the County, subject, however, to the grievance procedure. A Twenty (20) work day trial period will normally be provided to any employee.

In the event a vacancy remains in the department after this procedure, such job and the skill required to perform it shall be posted on a bulletin board in locations accessible to employees for a period of Ten (10) consecutive work days. The job shall be awarded to the senior employee, including laid off employees, who bid for such job provided such employee is qualified to perform the work and is relatively equal in skill ability to other applicants for the job. Bids shall be filed in triplicate with copies being

provided to the bidding employee and the Union. The bidding procedure has been agreed upon on April, 1999 and is explained in Appendix I.

Effective July 25, 1997, lateral bidding is permitted only within the departments that report to the Commissioners. An employee being promoted within a department shall be placed upon the same step in the classification level to which promoted. As an example, an employee working at DMG Grade 4, Step 3 who is awarded a promotion to a DMG Grade 5 job shall be placed at DMG Grade 5, Step 3. Non-Civil Service positions shall be filled by permitting the person in the location with the greatest continuous service in such location to advance such position provided such employee is qualified and capable of performing the duties of the position. The determination of the qualifications or capability of any employee shall, in the first instance, rest with the County subject, however, to the grievance procedure. Such job and the skill to perform it shall be posted on a bulletin board in locations accessible to employees for a period of ten (10) consecutive work days. The job shall be awarded to the senior qualified employee, including laid off employees in the Commissioner's Bargaining Unit (including Treasurer, Controller and Recorder of Deeds) who bid for such jobs, provided such employee is qualified to perform the work and is relatively equal in skill ability to other applicants for the job. Bids shall be filed in triplicate with copies being provided to the bidding employee and the Union if after the completion of the above described process. If the vacancy remains unfilled, employees under the jurisdiction of the Commissioners may, subject to all other provisions of this Article, bid from another classification.

Section 7.3 Reductions in Force

In the event of a reduction in force, the lowest senior employee in the generic (budget/same) job title in the department shall be laid off. If the employee is qualified, such employee may replace any other junior employee in a lower job classification in the department. Any employee reduced from a department as a result of this procedure, if qualified and relatively equal in skill and ability, may displace the most junior full-time or part-time employee in the unit. Commissioner Unit employees may not bump a Civil Service employee unless they have standing with the Civil Service Commission. Professional Service employees may only bump within their department.

Section 7.4 Recall

- (a) In the event the County recalls employees in the department or unit, employees displaced and/or on layoff from said department or unit shall be rehired in reverse order in which they were laid off.
- (b) Recalled Employees shall receive the benefit of any step progression unless laid off for Six (6) months or more. In this event, such employee may be required to work Six (6) months after recall before receiving the benefit of the step progression.

Section 7.5 Seniority Broken

Seniority shall be broken for any of the following reasons:

1. An employee quits or resigns, or retires;
2. An employee is discharged for cause;
3. An employee is laid off for a period in excess of Twenty-four (24) consecutive months or a period equal to the amount of active employment of the employee, whichever is lesser;
4. An employee is absent without leave as defined under existing Civil Service; and
5. An employee is off for any reason (non-layoff) and cannot return to work after an absence of Twenty-four (24) months, all service and seniority terminate.

Employees shall be recalled by employee unit seniority in reverse order of layoff. Employees who are laid off shall remain on a recall list for a period of Twenty-four (24) months or length of service with the County, whichever is less. Permanent and probationary Civil Service employees shall have preference in recall for Civil Service jobs.

Positions vacant because of Section 7.5(5) will be posted for bid after six (6) months; should the incumbent employee return to work within the Twenty-four (24) months, then all employees will move back to their original positions or be laid off.

Section 7.6 Promotions/Reductions/Demotions Defined

For the purposes of this Article, promotion is defined as a movement from a lower paying job level to a higher paying job level, and a demotion, or reduction, is defined as a movement from a higher paying job level to a lower paying job level.

Section 7.7 Vacation Calculation

For purposes of computing vacation entitlement, each employee shall be permitted to count all years of continuous service with the County.

Section 7.8 Promotional Seniority

Employees employed as Tele-communicators in the Emergency Services Department (911 Center) shall only bid within the department or unit employed and these positions are not subject to bid by other unit members.

Section 7.9 Reduction in Force Locations

RIF, seniority areas in the Commissioners unit are departments under the jurisdiction of the Commissioners. Emergency Services Department (911 Center), shall

reduce only in the departments employed and these positions are not subject to bumping by other unit employees

Section 7.10 Part-Time Seniority

For the purpose of this Article, regular part-time employees who are regularly scheduled to work more than two days a week shall receive One (1) day of continuous service credit for each Two (2) days worked in part-time service. The County may use "work hours" to determine service and seniority.

- (a) If the hours of work for regular part-time employees who work more than Two (2) days a week on the average are reduced to Two (2) days a week or less, the reduction shall be on the basis of seniority among such part-time employees in the same job at the same office or location.
- (b) Regular part-time employees who work Two (2) days or less a week may bid on full-time promotional opportunities, but shall have no other seniority bidding rights.
- (c) Continuous service for regular part-time employees who work Two (2) days or less a week on the average shall be broken by any Six (6) month period that the employee does not work at all for any reasons except a work related injury or illness which qualifies the employee for worker's compensation. Continuous service shall be calculated from the employee's last day of hire as a regular part-time employee. Seniority shall be calculated on the basis of the total number of days actually worked since the last date of hire. Any layoff of regular part-time employees who work Two (2) days or less a week on the average shall be on the basis of seniority by job and department and the County may use "work hours" to determine this rate.
- (d) Under no circumstances can a part-time employee bump or exercise seniority rights ahead of a full-time employee, except in Departmental bidding. See Appendix I. Full-time employees reduced may bump part-time employees or elect layoff. Part-time employees will be given bidding rights in the department that they are working in. Full-time employees may lateral bid if they are qualified to do so. If not, a senior qualified part-time employee will be allowed to bid the position.

Section 7.11 Probationary Employee

All new employees shall be considered probationary employees for a period of Thirty (30) working days (except for Civil Service – see Section 2.8) from the beginning of their employment, during this Thirty (30) days they will be bound by all sections of this Agreement.

Section 7.12 Union Membership Records

The County agrees to supply the Union, within Two (2) weeks after execution of this Agreement, a list containing the names and addresses of all employees covered by this Agreement with their length of service with the County, and in the job classification in which they are employed in job classification seniority order. Such list shall be kept up to date, by notice to the Union, of all employees who are listed, laid off, discharged, hired or rehired.

ARTICLE VIII

[WORKPLACE HARASSMENT POLICY]

WORKPLACE HARASSMENT POLICY

Beaver County (the "County") respects the dignity and professionalism of each of its employees, and is committed to maintaining a work environment that is free from discrimination and unlawful harassment. In furtherance of this commitment, the County absolutely prohibits unlawful workplace harassment on the basis of sex (with or without sexual conduct), race, color, age, national origin, religion, disability, protected activity (*i.e.*, opposition to prohibited discrimination or participation in the complaint/investigatory process) or other protected status.

Harassment consists of unwelcome conduct, whether verbal, physical or visual, on the basis of sex (with or without sexual conduct), race, color, age, national origin, religion, disability, protected activity (*i.e.*, opposition to prohibited discrimination or participation in the statutory complaint process) or other protected status which unreasonably interferes with an individual's job performance or otherwise creates an intimidating, hostile or offensive working environment, or which results in a tangible employment action such as hiring, firing, promotion or demotion. Harassment may include derogatory remarks, epithets, offensive jokes, the display or circulation of offensive printed or visual material or offensive physical actions.

Unwelcome sexual advances, requests for sexual favors, and other verbal, physical or visual conduct of a sexual nature constitute unlawful sexual harassment when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment also includes unnecessary touching of an individual or unwelcome physical contact such as patting, pinching or brushing against another, subtle pressure or request for sexual activities, referring to or calling an individual by an endearing, demeaning or sexual term, a display in the workplace of sexually suggestive objects, pictures, cartoons or posters, graphic verbal commentaries about or leering at an individual's body, sexually degrading words used to describe an individual, sexually explicit, suggestive or offensive comments, jokes or teasing, preferential or derogatory treatment based on gender, verbal abuse of a sexual nature, physical or sexual assault, or other similar behavior.

All employees are responsible for helping to enforce the County's policy against harassment. Any individual who believes that he or she has been the victim of

prohibited harassment must immediately report such conduct to his or her supervisor so that the situation can be promptly investigated and remedied. An employee should not wait until the suspected harassment becomes severe or pervasive. An employee who is uncomfortable for any reason in bringing such matter to the attention of his or her supervisor, or who is not satisfied after bringing the matter to the attention of his or her supervisor, should report the matter to the Employee Relations Director or to the Assistant Employee Relations Director. Any supervisor who receives a complaint of harassment must immediately report the matter to one of the foregoing County officials. Any questions about this policy or suspected harassment should also be brought to any of the same persons.

The matter will be promptly, thoroughly and impartially investigated and all allegations of harassment will be kept confidential to the extent possible. The alleged harasser will not have any direct or indirect control over the investigation. Employees should be aware that the County may, under certain circumstances, use an outside source to assist in the investigation of such complaints. In any event, an investigation will include, at a minimum, interviews of the employee who complained of harassment, the alleged harasser(s), and others who could reasonably be expected to have relevant information. If the County determines that harassment occurred, it will take immediate measures to stop the harassment and ensure that it does not recur. The Union will be informed in timely fashion of accusations made against Union members.

The County absolutely will not tolerate unlawful workplace harassment. The County also will not tolerate retaliation against anyone who files a bona fide complaint of harassment or who participates in an investigation. Any employee who is determined to have violated this policy, whether hourly or salary will be subject to disciplinary action, up to and including discharge.

Any discipline imposed on a bargaining unit employee is subject to review in accordance with the grievance and arbitration provisions of the applicable collective bargaining agreement. In all other aspects, the Union shall have no obligation for enforcement of this Workplace Harassment Policy, and shall have no authority over the County's implementation and application of the Policy.

[BEAVER COUNTY ABSENCE CONTROL PROGRAM]

BEAVER COUNTY ABSENCE CONTROL PROGRAM

Policy: Beaver County shall have an established Absence Control Program to control employee absence and tardiness. The County recognizes the fact that staff will have occasional absences due to illness. Employees recognize the importance of reporting for work as scheduled. This Program is intended to address employees who abuse sick time and/or who are consistently tardy. Employees who abuse sick time, and/or who are consistently late for work are failing to meet their obligations as employees, are inconveniencing their fellow employees and are interfering with the efficient provision of government services to the public. Such employees will be subject to discipline as set forth below.

I. Responsibility to Report Off

A. All employees shall report off to the person designated by his/her Office or Department prior to the start of the shift, unless circumstances (*e.g.*, severe illness, incapacity, etc.) prevent them from so doing.

B. The employee must speak to the designated person when reporting off, unless different arrangements have been made in advance by the Office or Department management.

C. Failure to report off in the proper manner shall result in disciplinary action as set forth below.

D. Failure to report for work as scheduled, or failure to properly report off from work in accordance with the above procedure, shall be considered a "no show" and will result in the following disciplinary action:

1. First offense – oral warning.
2. Second offense – written warning.
3. Third offense – three (3) day suspension.
4. Fourth offense – discharge.

Employees affected by changes to the posted schedule shall be notified promptly by Management.

II. General Rules for Sick Time

A. Written Verification shall be required for sick time of more than three (3) consecutive scheduled days. **Employees in any stage of the disciplinary steps set forth above may be required to supply written verification for absences regardless of duration.** The verification shall come from a physician or other health care provider and shall at minimum describe the medical or physical facts and/or condition for which the employee sought consultation or treatment.

B. Discipline under this policy will usually be progressive. In those cases where a pattern of absenteeism and/or sick leave abuse is suspected, the Employer will

advise the employee of the suspected abuse and discuss the matter with the employee. Patterned illness or tardiness may be demonstrated, for example, by evidence that sick days are consistently used in conjunction with vacation, holidays or other days off. The total circumstances of an employee's use of sick leave, rather than a numerical formula, shall be the basis upon which the Employer's final determination is made. At the end of that discussion, Management will determine whether to issue discipline in accordance with the progressive disciplinary policy set forth above.

C. Under normal circumstances, an employee who works six (6) months without an infraction will revert to the previous step in the progression. For example, if an employee who has received a written warning (Step 2) works six (6) calendar months after that suspension without incurring an additional infraction; he/she will have the warning removed from the Attendance Program record. A new infraction (other than a pattern infraction) will then result in the issuance of an oral warning (Step 1 of the policy).

D. Management reserves the right to impose greater discipline than called for under the progressive disciplinary schedule in response to severe abuses of the absenteeism policy.

E. All discipline issued in connection with the Absence Control Program shall be subject to the contractual grievance procedure.

[FAMILY AND MEDICAL LEAVE POLICY]

FAMILY AND MEDICAL LEAVE POLICY

PURPOSE:

This Policy is intended to address situations arising under the Leave of Absence provisions of the County's labor agreements with the SEIU, and under the Family and Medical Leave Act (FMLA). Its purpose is to outline the conditions under which an employee and/or the County may:

- request leave;
- determine eligibility for leave; and
- designate an absence/leave as

leave under the FMLA and under the Leave of Absence provisions contained in collective bargaining agreements..

I. FMLA LEAVE

FMLA allows eligible employees to take job-protected, unpaid leave or appropriate accrued paid leave, ("FMLA leave") for up to a total of 12 work weeks in any 12-month period because of:

- the birth of an employee's child;
- the placement of a child for adoption or foster care with an employee;
- circumstances where the employee is needed to care for a child, spouse, or parent who has a serious health condition; or
- the employee's own serious health condition which make him/her unable to perform the functions of his/her job.

The County does not normally count absences due to injury or illness under the Workers' Compensation Act against an employee's FMLA or contractual leave entitlement. Absence due to compensable illness or injury will count as FMLA leave only when an employee declines an offer of a Transitional Duty assignment during the first twelve (12) weeks after a compensable injury.

II. CONTRACTUAL LEAVE

Under the Leave of Absence provisions of the County's labor agreements, a leave of absence without pay will be granted for up to one (1) year to employees unable to work because of non-occupational sickness or accident.

Under both FMLA and Contractual Leave, eligible employees will have health benefits maintained as if they had continued to work instead of taking the leave. Health benefits shall be maintained for a maximum of six (6) months. Under the County Retirement Program, any period of leave, up to a maximum of one year, will not be

treated as or counted toward a break in service for purposes of vesting and eligibility to participate.

Spouses who are both employed by the County are entitled to a combined total of 12 weeks of FMLA leave (rather than 12 weeks each) in any 12 month period for the birth or care of the employees' child, for the placement in adoption or foster care of a child and care after placement, or for the care of a parent with a serious health condition. Spouses are each entitled to up to one year of leave for non-occupational sickness or accident under the labor agreement.

III. SCOPE OF POLICY

This policy applies to all FMLA leaves and Contractual leave for hourly and salaried employees, whether requested by the employee, or designated by the County.

If an employee is entitled to both FMLA leave and any other type of accrued leave (*e.g.*, vacation, personal days, sick days and contractual leave), the time periods will run concurrently and employees must use available accrued leave while on FMLA leave, except that employees are permitted at their option to keep up to twenty (20) sick days in reserve for their own personal illness. For leave to care for a child or family member, and employee is required to use all unused vacation and personal days during the leave period

IV. ELIGIBILITY FOR FMLA LEAVE

To be eligible for FMLA leave, an employee must have been employed by the County for at least 12 months and must have worked at least 1,250 hours during the 12-month period preceding the beginning of the leave. The employee must also provide appropriate medical certification of eligibility for FMLA leave.

V. REQUEST FOR FMLA LEAVE

An employee must provide the County at least 30 days advance notice before FMLA leave is to begin if the need for FMLA leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of the employee or family member. The employee's request for FMLA leave should:

- be in writing;
- set forth the reason for the requested leave;
- contain the anticipated duration of the leave; and
- designate the expected start date of the leave.

If 30 days advance notice is not practicable, such as because of the lack of knowledge of approximately when leave will be required to begin, a change in circumstances, or a medical emergency, notice must be given as soon as possible and practical, taking into account all of the facts and circumstances in the individual case.

This ordinarily means that employees are expected to give at least verbal notification to the County within one or two business days of when the need for leave becomes known to the employee.

When the leave is for planned medical treatment, the employee must consult with the County and make a reasonable effort to schedule the leave so as not to unduly disrupt the County's operations, subject to the approval of the health care provider.

In those cases where an employee has not designated an absence/leave as FMLA leave, and the County receives information indicating that the employee's absence/leave may be for FMLA-covered reasons, the County reserves the right to designate such absence/leave as FMLA leave, and to count that time toward the employee's total 12-week entitlement of FMLA-covered leave. In such circumstance, the County may require the employee to have certification completed by a health care provider to confirm that the leave is for a FMLA-covered reason.

VI. REQUIRED MEDICAL CERTIFICATION

The County will require medical certification to support FMLA and contractual leave. The Employee Relations Department will provide each employee who may qualify for either type of leave with an appropriate form requesting medical certification concerning the need for the employee's absence. The employee must return the medical certification form to the Employee Relations Department within a *reasonable* time period (*normally* 15 calendar days after the employee receives the County's medical certification form). Failure of an employee to return the certification form in a timely fashion in cases of foreseeable leave may delay the taking of leave. Failure of an employee to return the certification form in a timely fashion in other cases may delay the continuation of leave. Failure of an employee to return the certification form at all will result in the loss of all FMLA benefits and protections, because the leave will not be FMLA leave.

If the minimum duration of the period of incapacity furnished by the health care provider is more than 30 days, no re-certification will *normally* (see exceptions set forth below) be required until the minimum initial period of incapacity has passed. The County reserves the right, however, to request subsequent and/or additional certification of FMLA and contractual leave every 30 days where the leave is for pregnancy, chronic, or permanent/long-term conditions under continuing supervision of a health care provider. The County further reserves the right to request subsequent and/or additional certification of FMLA leave where:

- leave is on an intermittent or reduced leave schedule basis and the minimum period specified on the original certification as necessary for such leave and treatment has passed.
- the employee requests an extension of FMLA leave;

- circumstances described by the previous certification have changed significantly;
- the County receives information that casts doubt upon the employee's stated reasons for the absence; or
- the County has reason to question the appropriateness of the leave and/or its duration.

The County may require a second medical opinion at its own expense by a health care provider designated by the County (but who is not employed on a regular basis by the County) if it doubts the validity of a medical certification. If the first and second opinions differ, the County may require the opinion of a third health care provider. The third health care provider must be approved jointly by the County and the Union, and must be paid for by the County. The opinion of the third health care provider will be final and binding on the County and the employee.

Pending receipt of the second (or third) medical opinion, the employee is provisionally entitled to FMLA leave and/or contractual leave. The employee is not entitled to be paid for the time or travel costs spent in acquiring the medical certifications, but the employee may request a copy of the second (or third) medical opinion. If the certifications do not ultimately establish the employee's entitlement to FMLA leave, the leave will not be designated as FMLA leave. The leave may be treated as Contractual Sickness leave under the labor agreement in conformity with the requirements for use of Contractual Sickness leave (i.e., contractual leave may only be used for the employee's personal illness/injury, not for care of spouse, children, etc.).

VII. INTERMITTENT OR REDUCED SCHEDULE FMLA LEAVE

FMLA Leave may be taken on an intermittent or reduced-leave schedule under certain circumstances. Intermittent leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee's usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee's schedule for a period of time, normally from full-time to part-time. Eligibility for intermittent or reduced schedule leave will be determined as follows:

A. Intermittent/Reduced Leave Schedule after the Birth or Placement of a Child for Adoption or Foster Care

When leave is taken after the birth or placement of a child for adoption or foster care, an employee may take leave on intermittently or on a reduced leave schedule only if the County agrees. If, however, a mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition, County agreement is not required, and such leave may be taken as long as proper certification of the necessity of such leave is provided.

B. Intermittent/Reduced Leave Schedule for Serious Health Condition

Leave may be taken intermittently or on a reduced leave schedule when medically necessary for planned and/or unanticipated medical treatment of a related serious health condition under the supervision of a health care provider, or for recovery from treatment or recovery from a serious health condition. It may also be taken to provide care or psychological comfort to an immediate family member with a serious health condition. Examples of such leave include:

1. Where treatment for the serious health condition is required periodically, rather than for one continuous period of time, and may include leave periods ranging anywhere from an hour or more to several weeks.

2. Where the employee or family member is incapacitated or unable to perform the essential functions of the position because of a chronic or serious health condition even if he or she does not receive treatment by a health care provider.

When intermittent or reduced leave schedule is requested, the employee must attempt to work out a schedule with the County which meets the employee's needs without unduly disrupting the employee's operations, subject to the approval of the health care provider. Where leave is taken on an intermittent or reduced leave schedule basis, the County reserves the right to limit such leaves to the shortest period of time (one hour or less) that the County payroll system uses to account for absences or use or leave.

In cases of intermittent or reduced leave schedule, the amount of leave used toward an employee's total 12-week FMLA entitlement will be determined on a pro-rated basis by comparing the employee's former normal schedule with the new FMLA leave schedule.

VIII. DELAY/DENIAL OF FMLA AND LEAVE

The County may delay and/or deny FMLA leave under the following circumstances:

- where the employee fails to give timely advance notice when the leave for FMLA is foreseeable, the County may delay the taking of FMLA leave until 30 days after the date the employee provides notice to the employer of the need for FMLA leave;

- where an employee fails to provide in a timely manner a requested medical certification to substantiate the need for FMLA leave due to a serious health condition, the County may delay continuation of FMLA leave until the employee submits the certification;

- where an employee never provides requested medical certification to substantiate the need for FMLA leave due to a serious health condition, the leave is not FMLA leave.

IX. EMPLOYEE HEALTH BENEFITS DURING LEAVE

Group health care coverage will continue for employees on leave as if they were still working. The maximum period of such coverage is six (6) months. After six (6) months, employees are responsible for making sure the County receives premium payments in accordance with applicable COBRA regulations. The Employee Relations Department will provide a schedule of payment amounts and due dates.

X. RETURN TO WORK REQUIREMENTS

Employees on approved FMLA leave or Contractual leave may be required to periodically report their status and intent and ability to return to work.

Where an employee has taken leave for his/her own serious health condition that made the employee unable to perform his/her job, the employee may be required to obtain and produce certification of his ability to return to work and undergo a fitness for duty examination. This requirement will only be imposed where all similarly situated employees in the employee's job class are required to undergo such examination before returning to work from workers' compensation, disability or FMLA leave. The fitness for duty certification for return from FMLA leave will only be sought concerning the particular health condition that caused the employee's need for FMLA leave. This fitness-for-duty exam will not be required when the employee has taken an intermittent leave for his/her health condition.

XI. REINSTATEMENT AT CONCLUSION OF FMLA LEAVE

At the conclusion of FMLA leave, an employee will be reinstated to an equivalent position with equivalent terms and conditions as the employee held prior to taking FMLA leave. An employee has no greater right to reinstatement and to other benefits and conditions of employment, however, than if the employee had been continuously employed during the FMLA leave period.

If at the conclusion of the 12-weeks of FMLA leave, the employee is unable to return to work, the employee no longer has the protections of FMLA. Contractual Sick leave may be available, however.

XIII. PENALTIES FOR FRAUD

An employee who fraudulently obtains FMLA or contractual leave from an employer is not protected by FMLA's job restoration or maintenance of health benefits provisions. In addition, the County will take all available appropriate disciplinary action against such employee due to such fraud.

XIV. ACCRUED PAID LEAVE

Any accrued paid leave time (*e.g.*, vacation, sick days, personal days) held by an employee at the time FMLA leave or contractual sick leave is taken must be used concurrently with FMLA leave pr contractual leave, except that the employee has the option of preserving up to twenty (20) sick days for the employee's own personal illness.

ATTACHMENT 4
[TRANSITIONAL DUTY]

TRANSITIONAL DUTY

Section 1

The County and the Union agree to implement a Transitional Duty Program to help control workers' compensation expenses and to assist employees to return to work after compensable injury. From time to time, employees may be unable to perform the full range of duties required of their regular job due to job-related injury or disease compensable under the Pennsylvania Workers' Compensation Act. In order to provide gainful employment to these individuals, the County may create transitional duty jobs within the Bargaining Unit. These jobs may be filled only by County employees who are subject to work restrictions as a result of compensable work-related injury or disease. These jobs may also be offered on a voluntary basis to employees on non-occupational disability, including pregnancy.

Section 2

The right to determine whether or not to create or eliminate transitional duty jobs and the assignment of eligible employees to fill such jobs shall be vested exclusively in Management.

- (a) Transitional duty jobs shall not be filled in accordance with the posting and bidding provisions of this Agreement.
- (b) Assignment to transitional duty jobs shall be subject to the nondiscrimination provisions of this Agreement.
- (c) Transitional duty jobs shall not be used to erode the Bargaining Unit or reduce permanent staffing requirements.
- (d) Employees assigned to transitional duty jobs shall not be subject to the layoff and recall provisions of this Agreement.
- (e) In the event of a layoff, transitional duty employees shall not be used to perform work which would otherwise have been performed by employees on layoff.
- (f) Except as otherwise set forth in this Agreement, employees assigned to transitional duty jobs shall not lose seniority or other contractual benefits as a result of said assignment.
- (g) Employees on non-occupational disability, including pregnancy, may decline offers of transitional duty employment without loss of contractual benefits they may otherwise be entitled to under this Agreement.

Section 3

An Employee assigned to Transitional Duty shall earn the same hourly wage as he/she was earning before suffering the compensable injury. Unless mutually agreed otherwise, the employee will be assigned to the same shift as he/she was working at the time of the injury.

In the event the earnings of an employee assigned to transitional duty exceed the employee's average weekly wage at the time of the compensable injury, the employee shall no longer be entitled to partial disability payments in accordance with the Pennsylvania Workers' Compensation Act. The employee shall execute any necessary supplemental agreements to suspend temporary disability payments. In the event the injury recurs and workers' compensation benefits are reinstated the employee's average weekly wage will be calculated, in accordance with the Workers' Compensation Act, as of the date of the original injury.

Section 4

Fringe benefits for employees assigned to transitional duty will be determined on the basis of the employee's pre-disability entitlement. For example, a full-time employee assigned to transitional duty on a part-time basis shall receive fringe benefits as though working full-time.

Section 5

Employees in transitional duty jobs shall be returned to their regular jobs at such time as they are medically certified to return to that job. Return shall be accomplished as soon as is practicable after receipt of the requisite certification.

Section 6

The decision as to whether or not to offer a transitional duty position to an employee and whether an employee shall remain in transitional duty position will depend on availability of suitable transitional duty positions and the discretion of the Director of Employee Relations. Transitional duty positions are not regular jobs.

Employees are not required to accept offers of Transitional Duty Assignments during the first twelve (12) weeks after incurring a work related injury. This period corresponds to the period when the employee may be entitled to leave under the Family Medical Leave Act. However, in the event an employee declines an offer of Transitional Duty during the first twelve (12) weeks after incurring a work related injury, the period will be considered as FMLA leave.

Assignment to a transitional duty position shall not exceed 180 calendar days from the first day of assignment. If additional days in the transitional duty position are requested by the employee's attending practitioner based upon a return to work within an additional thirty (30) days beyond the original 180 days, the request and any other necessary documentation must be supplied to the County's Employee Relations Director within five (5) business days prior to the end of the initial 180 day period.

If at the end of 180 calendar days (except as noted in the preceding paragraph) the employee is not capable of returning to his/her regular position, the Transitional Duty assignment shall terminate, unless mutually agreed otherwise.

Section 7

The parties agree that implementation of this Transitional Duty Program will likely require continued monitoring and discussion. The parties agree to meet periodically on request to discuss the Transitional Duty Program and methods to improve it. It is agreed that the Program will be administered in such a fashion as to

accommodate the legitimate needs of employees with respect to hours of work and shift assignments. In the event there are any changes to the Program proposed by either the County or the Union, the same will be negotiated.

**CLERICAL/TECHNICAL PAY SCALE, INCLUDING CIVIL SERVICE
EMPLOYEES AND COOKS**

[CIVIL SERVICE ON DMG 37.5 HOUR SCALE]

Note: This section is modified by the language appearing at Article XIII, Section 13.1. New hires within this bargaining unit will begin at the entry level and progress in accordance with Appendix B, or if working in a 40 hour department, in accordance with the percentage increases set forth in Section 13.1.

The DMG scale applicable to each employee is established as follows:

Placement on the scale begins by slotting each employee in the unit in the DMG Job Grade at the step (pay rate) next highest to each employees' current pay rate (excluding longevity).

Any employee with seven (7) or more years of service is then moved up two (2) steps on the DMG scale. Employees with fewer than seven (7) years of service will remain at their initial DMG step assignment.

Each year of the contract, employees with seven (7) or more years of service as of January 1 will move two (2) steps on the DMG scale, until they attain Step 11 or Step 12, after which movement returns to a single step [Agreed on 2/22/02] Employees with fewer than seven (7) years will move one (1) step on the DMG scale.

It is acknowledged that during the course of bargaining extensive discussions occurred about the development of the scales and placement of employees on them. The County and the Union have agreed to the placement of each employee on the scale, and spreadsheets showing such agreed placement have been distributed. Any errors in placement or pay rates resulting from the establishment and implementation of the scales will be corrected.

Section 2 – Longevity

Effective 1/1/99, the County will provide a longevity increment for employees. This will constitute an increase to the regular rate of pay as reflected on the applicable wage scale as follows:

10 years	\$250 per year
20 years	\$500 per year

The increase to base salary will be made effective with an employee's anniversary date as set forth above

Section 3 – Changes to the pay scale for full-time assessors

Effective January 1, 2008 the assessors in the assessment office shall work a forty hour schedule and be compensated in accordance with the wage schedule attached as Attachment 11.

**[MEMORANDUM OF AGREEMENT: LOCAL AGREEMENT FOR EMERGENCY
SERVICES EMPLOYEES AND PAY SCALE]**

**Memorandum of Agreement
County of Beaver and Local 668, SEIU
Emergency Services Employees,
Commissioners' Unit**

Subject to ratification by the membership and approval by the Board of Commissioners, the parties agree to amend their existing labor Agreement as it pertains to the employees of the Emergency Services Department in accordance with the following agreements reached during collective bargaining:

1. The current practice as it pertains to the furnishing and wearing of uniforms will be maintained, and incorporated into the labor agreement.
2. A Crew Chief will be designated by Management at its discretion to act as crew leader during a shift. Crew Chief status will be determined on the basis of periodic evaluations and testing. Crew Chiefs must pass a written examination demonstrating qualifications. The most senior employee who is qualified as a Crew Chief on a shift on which Management determines to use a Crew Chief shall have first choice for the job for that shift. Employees working as Crew Chief shall receive a premium of \$0.50 per hour for all hours so worked. Employees qualified as Crew Chiefs will have first right for promotion to first level supervisory positions within the bargaining unit.
3. Promotions from part time to full time status, and promotions to first level supervisory positions within the bargaining unit shall be based on performance evaluations, attendance and disciplinary record, and availability. Where these factors are relatively equal, the senior person will be promoted. Evaluations shall be conducted on a regular basis (as determined by Management) and may be grieved by the employee. 80 percent shall be considered as a passing grade on written examinations for Crew Chief and Supervisor.
4. Wages shall be as set forth in Article XIII, Section 13.1. Telecommunicators **are** classified under the 40 Hour DMG system at Grade 6. Supervisors are classified under the 40 Hour DMG System at Grade 11.
5. New employees shall be considered as probationary for a period of 120 calendar days from the beginning of their employment. A probationary employee may be summarily dismissed by Management at its sole discretion, without resort to the grievance and arbitration procedures set forth in the agreement. Probationary employees are eligible to receive contractual benefits, if any, after 30 completing Thirty (30) working days.
6. Other terms and conditions of employment shall be as specified in the Memorandum of Agreement relating to the Commissioners' Unit as a whole, with the exception of scheduling, which is the subject of local agreement between the parties, which agreement addresses lunches and breaks.
7. The current system of lunches and breaks, in effect July 1, 1987 shall remain in effect. Employees are entitled to a 45 minute lunch. Each employee is also entitled to a fifteen (15) minute break during each One-half (1/2) work shift. Lunch and

break times will be assigned by management as work load dictates. If an employee is forced to work through lunch and breaks this employee will be entitled to One and one-half (1½) hours of overtime.

8. The parties have negotiated and implemented a 10 hour schedule. To the extent that any provision of the foregoing conflicts with the implementation of this schedule, the practice of the parties operating under the 10 hour schedule shall prevail.

9. Full-time employees employed in this Department may "downgrade" to part-time status and maintain their seniority, provided that the full-time vacancy so created is posted for bid. Any full-time employee who elects to downgrade shall continue to accrue seniority as a part-time employee, and may only resume full-time status if awarded a bid for a posted vacancy.

**[MEMORANDUM OF AGREEMENT: LOCAL AGREEMENT FOR DEPARTMENT OF PUBLIC
WORKS EMPLOYEES AND PAY SCALE]**

**MEMORANDUM OF AGREEMENT
COUNTY OF BEAVER AND LOCAL 668 SEIU
DEPARTMENT OF PUBLIC WORKS EMPLOYEES
COMMISSIONERS' UNIT**

Subject to ratification by the membership and approval by the Board of Commissioners, the parties agree to amend their existing labor Agreement as it pertains to the employees of the Department of Public Works in accordance with the following agreements reached during collective bargaining:

1. Mechanics will be provided uniforms and jackets in accordance with past practice, or such other clothing items as may be mutually agreed from time to time.
2. Employees operating the ice resurfacing machine will be paid at the DMG 5 rate for each cut, provided they perform all required routine maintenance and refueling.
3. All current jobs are accurately described and classified.
4. Crew leaders may be designated by Management at its discretion to be responsible for leading work crews on particular projects. Employees designated as Crew Leaders shall be paid \$1.00 per hour over their standard rate for all hours so worked.
5. New employees shall be subject to a 120 calendar day probationary period. A probationary employee may be summarily dismissed by Management at its sole discretion, without resort to the grievance and arbitration provisions of this Agreement. Probationary employees are eligible to receive contractual benefits, if any, after thirty (30) days.
6. Testing.

The parties recognize that appropriate skills-based tests are an important tool for measuring the skills and abilities of employees and for determining whether employees are capable of advancing to higher rated, skilled positions. As a result, the County and the Union agree that they will cooperate to develop and implement a job-related skills testing protocol to be used for promotions to higher skilled classifications and to measure employee progress in the Apprenticeship/Helper program.

7. Apprenticeship/Helper Program

The parties agree that it is in their mutual interest to train employees to enhance their skills and to improve efficiency, and agree to establish an informal Apprenticeship/Helper program. When practicable, apprentice/helpers will be assigned to work closely with higher rated employees to assist that employee and to gain on-the-job skills and experience. Apprentice/helpers may be assigned by Management when and where needed, and will perform all work as assigned by Management or the bargaining unit employee they are assigned to assist. The County reserves the exclusive right to determine the number of and necessity for using Helpers.

Employees interested in participating in the program shall indicate their interest by signing a Helper list to be provided by Management, which list shall indicate generally the type of work the Helper may be called upon to perform (*e.g.*, Electrician

Helper, Carpenter Helper, Mason Helper, Plumbing/Heating Helper). Seniority will be utilized to assign helpers in the event more than one person signs up for the available Helper positions. Employees selected as Helpers shall have a trial period of 90 days, during which they will be evaluated by Management, in consultation with the higher rated employee to whom they are assigned. An apprentice/helper who is not progressing satisfactorily during this 90 day period may be terminated from participation in the program. Decisions to terminate an individual from the program shall not be subject to the grievance procedure.

Employees will be tested periodically on skills to ascertain their progress in the program (between 6 months and 1 year). Tests will be designed and administered in accordance with the established testing protocol.

Employees who achieve an acceptable score on the skills testing shall be eligible to receive a \$.50 per hour increase to the regular rate while working the Apprentice/Helper job. Qualified Apprentice/Helpers shall have the first right of promotion to higher rated jobs within the bargaining unit when those jobs become available, regardless of seniority.

Skilled maintenance employees working at the DMG 7 Grade (current M4 grade) who are routinely assigned to train an Apprentice/Helper (greater than 50% of the time) will receive a bonus of \$200 annually, payable in the last pay period of the year. Said bonus will not be included in the base rate of pay.

It is recognized that Apprentice/Helpers may be reassigned by Management as needed to perform other work.

Management and the Union agree to meet periodically, as needed or requested, to discuss methods of implementing and improving the informal apprenticeship/helper program.

8. Wages shall be as set forth in Article XIII, Section 13.1 Also, it is agreed that the position currently held by employee Ruckert will be bid as an MT3/DMG 5 job if it becomes vacant.

Final Recreation Department Scheduling Language for Inclusion in Appendix D

Scheduling

Management shall have the right to schedule the work force and to change schedules to meet the needs of its operations. Management shall have the right to adopt procedures for scheduling as it deems appropriate based upon the facility needs and operating hours of the Recreation Department.

Generally, a work schedule will be produced by management and where appropriate, will be based upon a weekly, rotating, two-shift work schedule. Schedules for full-time employees will be set for five (5) working days, with two (2) consecutive days off each week. Schedules for part-time employees will be set for up to four (4) working days, with at least three (3) days off each week. Management may have the right to schedule part-time employees a fifth working day if necessary to cover an open shift due to scheduling opportunities, e.g., shift openings due to vacation scheduling or illness of another employee if all full time employees are not available or willing to take the available OT or shift availability

A schedule that will include the employee's weekly schedule and the Recreation Facility event schedule will be made available to each employee on the preceding Friday. The individual employee's weekly schedule may be modified based upon ice rental by plus or minus two hours. Management reserves the right to modify the weekly schedule at any time to properly staff and/or service the facility. Every effort will be made to properly inform the employees of any schedule change that occurs during the week if additional ice time is sold or released.

Overtime

Overtime will be assigned on a rotating basis, with senior employees being the first to be offered the overtime.

Though all instances relative to contacting and scheduling cannot be listed, the following will serve as the basis for how management will schedule overtime:

- Management will make the decision if overtime is to be scheduled.
- Management will make every reasonable effort to contact the next available employee in the rotation list for available overtime.
- If management attempts to contact an employee and they are not home or available at the time of the call, management will then contact the next available employee. This will be management's prerogative, based on the situation.
- If management attempts to contact the employee at home to inform him/her of available overtime, only the employee (not a family member) can accept the overtime.
- If the next scheduled employee is scheduled off on the day overtime becomes available, that employee will be called as they would be in his/her regular rotation.
- If an employee is sick on the day overtime is scheduled and his/her name comes up in the rotation, that employee misses that opportunity and continues in the rotation schedule as if they were asked and refused.
- Employees will not be called out for overtime while they are on scheduled vacation or personal days, unless in an emergency situation.
- If all the employees are unavailable or refuse overtime, the employee with the least seniority may be required to accept the overtime per the Bargaining.

All other overtime situations will be addressed and followed as prescribed in the current Collective Bargaining Agreement.

10. All other terms and conditions of employment shall be as set forth in the Agreement pertaining to the Commissioners' Unit as a whole.

11. Employees of D.P.W. who drive vehicles in excess of 26,000 GVW will receive an additional \$1.00 per hour when driving such vehicle.

12. The County of Beaver will pay for "CDL" licenses and renewals of such licenses for all employees who have such licenses as of July 25, 1997 or are required by the County to obtain such licenses.

[REVISED BIDDING PROCEDURE]

COMMISSIONER'S UNIT

REVISED BIDDING PROCEDURE*

It is agreed that if there are any full-time job openings in a department, they shall be filled in the following manner:

1. Full-time qualified by seniority within the department.
2. Part-time qualified by seniority within the department.
3. Full-time qualified by seniority within the bargaining unit.
4. Part-time qualified by seniority within the bargaining unit.

Example:

There is an M-2 opening at D.P.W. Job would be bid at D.P.W. Qualified full-timers would be given preference for the bid. If no qualified full-timers are awarded the bid, then qualified part-timers will be considered. If the bid remains unfilled after this step, it will be posted for bid by the entire Commissioner's bargaining unit with preference given to full-timers qualified and then qualified part-time employees by unit seniority.

Example:

Full-time opening occurs in the Assessment office. Job is posted in Assessment for qualified full-timers by department seniority. If unfilled, qualified part-timers are then considered. If still unfilled, job is posted for bargaining unit bids with full-timer and then part-timers by bargaining unit seniority.

The current (4/15/99) rate of full-time to part-time employees in the Commissioner's Bargaining Unit shall be maintained during the term of this Collective Bargaining Agreement.

* The above does not apply to 911. Current practices will be maintained.

This document is your Schedule of Benefits. If you enroll in this plan, this Schedule of Benefits will be an important part of your Certificate of Coverage (COC). Your plan may also include a Summary Plan Description (SPD). If your plan has an SPD, it is issued by your employer or labor trust fund. It is not issued by UPMC Health Plan. An SPD either adds to or replaces your COC. It is important that you review and understand your COC and/or SPD because they describe in detail the services your plan covers. The Schedule of Benefits describes what you pay for those services.

For Covered Services to be paid at the level described in your Schedule of Benefits, they must be Medically Necessary.

They must also meet all other criteria described in your COC and/or SPD. Criteria may include Prior Authorization requirements.

Please note that your plan may not cover all of your health care expenses, such as copayments and coinsurance. To understand what your plan covers, review your COC and/or SPD. You may also have Riders and Amendments that expand or restrict your benefits.

If you have any questions about your benefits, or would like to find a Participating Provider near you, visit www.upmchealthplan.com. You can also call UPMC Health Plan Member Services at the phone number on the back of your member ID card.

Biometric screening

We call this important activity "Know your numbers!" And in this case, knowledge is power and can lead to better health. The screening will check your cholesterol and glucose levels. It may also check other important measures like blood pressure, BMI, height, and weight.

You can have your full biometric screening done through Quest Diagnostics by registering at <https://my.blueprintforwellness.com> or calling 1-888-277-8772. Please reference registration key **Beaver2016** when you register for an off-site Quest Diagnostics screening. You must follow these instructions to schedule your appointment, have it paid for by the County of Beaver, and have your results reported through the Take a Healthy Step program. Screenings not scheduled and conducted via this process may not be credited toward satisfying this wellness component.

One of the continued goals of your wellness program is education and awareness. By participating in a health screening and "knowing your numbers," you have taken an important step toward improving or maintaining your health.

See page eight for instructions on completing your off-site screening through Quest Diagnostic's Blueprint for Wellness Program.
